Urge Widening of Ogden River Bridge

Agitation has been started by citizens living in the Third ward for the construction of additional approaches to the present Ogden river bridge on Washington avenue between Eighteenth and Nineteenth streets.

It is pointed out by residents of that district that with improvements to the bridge the delay in traffic in crossing the bridge together with the elimination of accident possibilities would be two good factors.

The plan as outlined by residents of the district calls for the widening of the present bridge to the exact size of the street, making an approach for vehicles on both the east and west sides of the street railway tracks.

At the present time southbound vehicles are forced to cross the tracks of the street railroad twice in passing over the bridge.

Ogden Man Sells Race Horse to Salt Laker

The consideration was reported to be \$1150.

This five-year-old was green at the opening of the present season. During the Utah state fair it registered a mark of 2:12 1/2. Brigham is by 1 Eldest and has all the appearances and promise of establishing another record of high credit to this racing line.

Weber County Boys Guests at State Fair

Delbert Groberg of Farr West, and Harold Wanggaard of Huntsville, were selected as Weber county school representatives to attend the State Fair during the last three days, according to Superintendent B. A. Fowler.

The boys contested with boys from other counties in judging stock, wheat and corn. They had free access to all amusements at the fair and were guests of the fair committee throughout the three days.

Traffic Resumed on Union Pacific West

West bound Union Pacific trains were reported on time yesterday by railroad officials, the derailment of a freight train near Rock Springs, Wyo., curtailing traffic for several hours.

The trains due to arrive in Ogden Friday at 10:05 a. m. did not arrive in this city until after 9 p. m. The tracks have been repaired and regular freight and passenger traffic has been resumed.
